Foreword

As we reluctantly bring down the curtain on another gala show of events, we think especially of the fond days we spent under the A.H.S. big top. In this treasure album, we, the *Comus* staff of 1954, have endeavored not only to portray the graduates but also through the eye of the camera to present the main acts and side shows. By these pictures we hope to recall to forgetful minds the work we did and the fun we had here.

Thus we sincerely hope this book will in years to come rekindle the dormant love and loyalty for our dear Alma Mater, so that the galaxy of golden mellowed memories we have now, will never die.

Before the dust of time has settled on the cover, we hope that *Comus* 1954 will have formed a never-breaking tightrope between the Allentown High School we love and the world it has prepared us to conquer.

We are sobered when we realize that very soon we will join the long line of A.H.S. descendants. As our contribution to the traditions of Allentown High School, we leave this volume.

The New Look

A strange bareness greeted us as we returned to Allentown High last fall. The trees were gone and fresh brown soil and a door-to-corner sidewalk replaced the roots and lawn worn thin. Before long new flowering trees were planted, grass seed sown, and preparations made for shrubbery. With new landscaping in process we will enjoy the beauty of a new front campus before we can forget the old shady lawn.

SCHOOL

The Old Look

Trees — no more shade the walks and protect us from the morning sun. During the summer of 1953 they were removed because they had served their purpose and were now rooting the lawn and pushing up the sidewalks. Progress moves on and the old trees, too, were removed in place of something better — smaller flowering trees. This is a reminder of those years we have known so long and will remember even longer.

Alma Mater

DOROTHY NEWHARD KNOFF, 1912

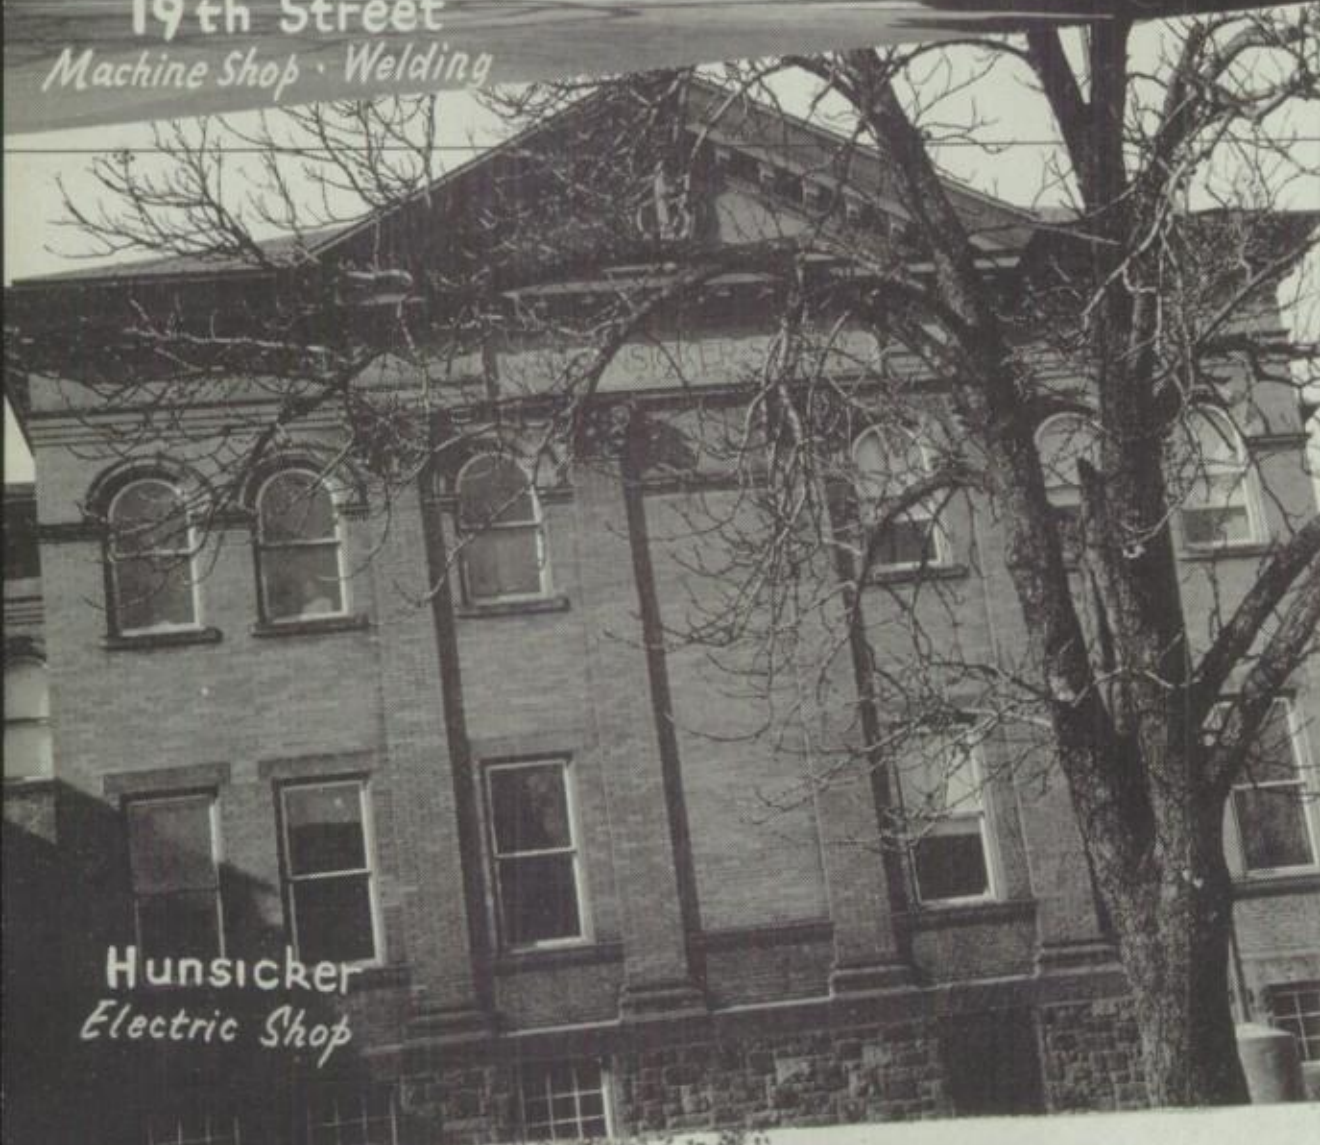

WARREN F. ACKER, 1900

The musical score is written for piano and voice. It consists of five systems of music. Each system has a treble and bass staff for the piano accompaniment and a single staff for the voice. The key signature is B-flat major (two flats) and the time signature is 4/4. The lyrics are written below the voice staff. The first system of music is for the first line of the song, the second for the second line, the third for the third line, the fourth for the fourth line, and the fifth for the fifth line. The lyrics are: 'All hail our Alma Mater dear, Our voice of praise and glo - ry hear, To Through - out the land, of you we'll sing, Loud will our praise-es ev - er ring, Of whom all rev - er - ence we bear, Of you for - get - ful we'll be ne'er, We days that have passed by, Fond mem - o - ries of dear old high. Oh, shall for - ev - er for you yearn, And cher - ish all that we may learn, Through Alma Mat - er hear our praise To you all hon - or we do raise, Through fu - ture days of life, 'Mid joy and strife; fu - ture days of life, 'Mid joy and strife; True may we stand, both to you And Ca - na - ry and Blue. TROLLEYS

Gone forever is the Clang! Clang! Clang! of the trolley cars in Allentown. We can look back to the good times we had riding to and from school each day. Many a homework problem was checked here and many pranks were played. They are now but a memory.

The Old and The New

BUSES

We are now being served by a fleet of buses. Because of their flexibility they have made our school journeys more pleasant. There is not as much pranking and less checking of homework, but the Toot! Toot! Toot! is a welcome sound and ushers in a new era of community improvements.

FACULTY

Clifford S. Bartholomew

Mr. Chips . . .

CLIFFORD S. BARTHOLOMEW

Our Principal

Mr. Bartholomew, our principal, has the unusual distinction of becoming principal of his Alma Mater. Because he once studied in our same classrooms, he has a better understanding of our immediate needs and problems; therefore, he is most capable in helping us solve them. Willing to help us at any time, he has made our years at high school pleasant and profitable.

Mr. Bartholomew's belief in our school has been upheld by the recent evaluation. The evaluators noted that Allentown High School has been accomplishing the aims set forth in its philosophy. Commendations were made to the faculty and congratulations were extended to the student body for their splendid cooperation.

We, the class of 1954, are deeply indebted to Mr. Bartholomew for the educational opportunities afforded us by the faculty, under his leadership. We shall always remember his sympathetic consideration for us during our high school days.

MR. PAUL FATZINGER

Administrative Assistant

Ever since he came to A.H.S. three and one-half years ago to serve as administrative assistant to our principal, Mr. Paul Fatzinger has won a place in the hearts of all.

For many years to come, graduates and underclassmen will remember the little man with the deep voice who handled discipline and attendance so capably. His untiring work in managing assembly programs, visual aids, the Blue Book, and Comus advertising will never be forgotten.

His advice to us upon going out into the world is, "Know something about everything and everything about something."

LEROY MILLER

MIRIAM BOYER

Counseling Offices

Planning a successful high school life as well as a successful and worthwhile adult life for the student at Allentown High School is the job of our tireless counselors, Miss Miriam Boyer and Mr. LeRoy Miller.

Choosing a career and mapping out a curriculum are personal problems, and for this reason emphasis is placed on individual rather than group guidance. The guidance counseling services help to make the difficult task of choosing a career easier.

The testing program includes mental ability tests and scholastic aptitude tests which are administered in group form. Interest inventories, reading tests, and mechanical aptitude tests are given on an individual basis. A student may also take tests to discover in what particular field his talents lie. This is a helpful aid in choosing a career.

Throughout a student's years of public schooling, a record of all achievement tests and scholastic aptitude tests is kept as a part of that student's permanent record.

The counseling offices also make available numerous college catalogues, technical school pamphlets, and career booklets. They also arrange personal contacts with representatives of colleges and industry where pupils get first hand information about their future needs. The pupil now has a better chance to plan his life's work because he can be shown the advantages or disadvantages, chances

of success, and the salary ranges of his chosen vocation. Acceptable lists of colleges and other training schools are also posted to guide the student in selecting his college.

College preparatory students are only a small group of the students who receive services through the counseling offices. On the basis of the tenth grade aptitude, interest and achievement tests, the students choosing the Business Education Course are placed. Students of the General Course and the Distributive Education Course are also guided toward the richest program to meet their abilities. The Vocational Shop boys are placed in the shops that challenge their ability. Another function of the counseling office is to act as a placement bureau for part time jobs as well as post graduation work. There is also a follow up service to check the success of our graduates.

Thus the counseling offices are designed to aid all students in making the best for their high school years and to help in patterning the future. Through the efforts of Miss Boyer and Mr. Miller, who constantly give their time to student conferences, and often exceed their line of duty in guiding pupils along the right path, most Allentown High graduates are able to face the future intelligently and are well equipped for life ahead.

Retiring Teachers

The faculty of A.H.S. is one that the community can look up to with pride. However, each year there are new faces to replace those who have reached the point of retirement. These few will now leave the hustle and bustle of the classroom to seek the peace and quiet lives they have so well earned.

To Mr. Warren Fritsch, a teacher of Latin and German, Mr. Leon Klingaman, instructor of Economic Geography, and Mr. Fred Minner of the Social Studies Department we wish many years of health and happiness. We, together with hundreds of alumni, who have sat in their classrooms and benefited by their words of wisdom and advice, will always remember and cherish their interest in the individual and their loyalty to Allentown High School.

May the future shower its blessing on each one of them and may the record show that they are of the group that has done its work well.

ENGLISH

HELEN GERHARD
*Head of English Department
C. P. English IV*

English is required of every student at A.H.S., no matter what course he may choose. Four years of English are recommended for entrance to college, and for any other job, a good English background is essential.

This department aims to give a complete understanding of the English language and its usages in grammar. It also aims to instill in us an appreciation for good literature. In the junior year, American authors and their works are studied while in the senior year, English authors and their works are brought into the foreground. Finally, one of its most important aims is to aid us in public speaking. The ability to speak extemporaneously as well as to give a prepared speech well, is a fine quality which is being developed in us. This ability of expressing ourselves clearly is more important than ever before in patterning the future ways of life in America.

In social studies classes we are taught to be worthy citizens of our nation and community and to meet future problems by setting the example of our heritage before us.

History, both of the United States and of the World, and Problems of Democracy are required of every student in order to graduate. Everyone should know the history of the nations of the world, and particularly of the United States. We should know the causes of the past wars in order to prevent future wars. After we know this, we can promote better understanding and international friendship among the countries and nations of the world. This is the basic step toward world peace.

The objective of the mathematics department is not only to teach the mastery of fundamental skills, but also to develop in us the ability to think and solve the many practical problems in our lives today. This department includes plane geometry, solid geometry, algebra, trigonometry, and general business, and shop math. Because mathematics is the basis for various courses in science and engineering, many college students could not succeed without a thorough understanding of it. Thus the mathematical language is almost as essential in the world as is the English language, for mathematics is a universal language. One of the most vital weapons today is this ability to think clearly and to analyze problems carefully.

Each day, the scientist is becoming a more important person in our everyday lives. The world runs on science and here at high school, we are preparing our boys and girls for the world's future scientists. Who knows? Another Einstein may be among us! The job of the science department is to discover him and develop his talents.

The language department is designed to give us first-hand experience with a foreign language. Latin is very useful in building up a good English vocabulary since a large percentage of our words are derived from the Latin language. Spanish gives us a better understanding of our neighbors, the Mexicans; and, French and German are just as helpful. These four languages offered give the student a sympathetic understanding of other peoples and their customs as well as a knowledge of the language itself.

Under a unique program of regular school instruction and on-the-job training, the Vocational-Technical Course teaches trades in preparation for industrial work.

These students attend their classes in related subjects and their shop classes alternately. This means that they attend classes for three weeks without attending any shops. For the next three-week period they spend their entire time in the shop classes without attending their classes in related subjects.

Their related subjects include mathematics, science, drawing, and blue-print reading. Besides these they must pass classes in English, History, Problems of Democracy, and Physical Education in order to complete the requirements for graduation.

The technical courses they may choose are numerous. Among them are included auto body work and painting, automobile mechanics, bricklaying and plastering, cabinet making, carpentry, drafting, electric shop—including electrical wiring, motor winding, technical electricity, radio and television, and appliance repair—machine shop, plumbing, printing, and welding which includes sheet metal work.

During the second semester, students become eligible for employment training under the Co-operative Program. This experience gives them such a thoroughly-trained background, that when they graduate they are immediately prepared to earn their living by working in their specialized field of industry.

Better homemakers are better citizens and this everyday function of living is presented to make a well-rounded course for those desiring a broader education. The program includes home management, foods, home decorating, the latest trends in styles, budgeting, shopping habits, good grooming, manners, dating, and marriage.

Our special courses are meant to make us more fully aware and acquainted with today's complex life. Driver Training teaches us to drive more efficiently and safely. The Distributive Education department is run on a co-operative basis with the local merchants and teaches retail selling. Our modern library includes a vast assortment of fiction and research material. It is open to everyone.

The news-carriers under the circus big top.

The CANARY, the A.H.S. student newspaper, is published bi-weekly by a staff of students. Selections to the staff are made upon the recommendations from teachers and also from Junior High records. Tryouts are conducted each year to determine position on the staff. The editorial supervision is under the direction of Miss McConnell and the printing is done by the print shop boys under the watchful eye of Mr. Bixler.

The CANARY has been a consistent award winner in state and national press conferences and is always rated high. Positions on the staff are coveted. To finance this project and still keep the subscription price popular, the staff each year sponsors a Variety Show.

The Cinema Club has taken over 1400 pictures of all types of school activities this year. Under the guidance of Mr. Robert Brong they have been trained to snap scenes for the COMUS and the CANARY. A file of all pictures is maintained and pictures are available as a record of the school's progress.

Club membership is limited to students who have had experience in photography and have special aptitudes in this field. Through working with various types of cameras and developing equipment they gain practical experience. This year they branched out into color photography and made a record of the senior activities on color film.

The Allentown High School Key Club, a nation-wide organization, is sponsored by the Kiwanis International. Service is the ideal purpose of this scholastic fraternity.

Junior high school principals and members of the faculty recommend the members to this club. Qualifications of the applicants are presented and voted on by club members.

Aiding Kiwanis at the Allentown Fair, holding their annual Parents Banquet, ushering at the Junior Class Play, sponsoring dances and donating toys to the Good Shepherd Home composed some of the various activities of the Key Club.

This year the Pennsylvania State Key Club Convention was held at the Americus Hotel. As host club, they aimed most of their activity toward this project.

Under the able direction of Mr. Zimmerman and Mr. Buxton, the Key Club has become a valuable aid to the school and students.

The future circus trainers.

The local chapter of the Future Teachers of America is named the LeRoy S. Allam Chapter in honor of a past teacher of Allentown High School. Membership is directed toward students interested in the teaching profession.

The object of this club is to discuss the problems of the profession and to visit nearby colleges. This year they visited Kutztown State Teachers College. Slides, movies and talks by the college professors make the twice-a-month meeting interesting and informative. With the dire need for teachers this club is fulfilling a need and service to the schools and the community.

They are seldom swayed in their debates.

The Pi Sigma Chi Girl's Debating Society has three main purposes. Their formal and informal debates help to better inform the members on current events, to improve their ability to think logically, clearly, and effectively, and to develop their speaking skill.

The meetings are held at the girls' homes every two weeks. One of the most heated debates was the one with the Orotans. The girls ended their season with a picnic at the home of their sponsor, Miss Dorothy Schlicher.

Prospective members are required to make trial debates. It is from these debates that members are selected.

They who argue best are the most convincing.

The Omicron Delta Sigma, commonly known as the Orotan Debating Society, was founded to further the cause of debating, to improve its members' concept of logic, to increase their faculty of analysis, and to promote a spirit of fraternity. Through these aims, the boys of the society under the sponsorship of Mr. Raymond Waller, have learned to appreciate the problems of the day.

Their meetings are held bimonthly at the homes of the members, at which time they participate in debates, panel talks, and round table discussion. Membership to the fraternity is by trial and election of the candidates.

International good will comes through understanding. This is the belief of the student Pan-Americans and their sponsor, Mr. Raymond Waller.

Slides, movies, and speeches given by guests help acquaint the members with our South American neighbors and their customs.

Reports on various phases of South American life are given by members. The opportunity to correspond with Latin American students helps to further understanding.

A Mexican-styled Christmas party with the traditional pinata and a Pan American Day Banquet helps to promote interest in inter-cultural activities.

The French language, customs, and songs were studied and discussed in the French Club. With the help of Miss Swope, the club discussed many phases of French life.

Miss Swope also made the activity an interesting and profitable one by relating some of her own experiences in "Gay Paree".

The club is open to all pupils either studying French or not. Lectures by outsiders, and studies of French records and pictures are featured among the numerous activities.

Once a month the doors of room 211 swung open to German students who comprised the German Club. With the aid of Mr. Richard Miller, the members furthered their knowledge of the German language and German people. This provided more information than can ordinarily be gained in regular class time.

In addition to singing German songs, playing games long used in the Rhineland, studying the customs and philosophy of their German friends, the members were enlightened by slides and talks.

This year the German Club's project was a unique Christmas dinner with all the trimmings. All students of German were invited and participated in the program which followed.

The Preamble to the By-Laws of this club, which is sponsored by Mr. Warren Fritsch, states its purpose: "To better develop our abilities in the study of Latin; to improve our conception of ancient ideals; to advance our faculty of analysis; to add weight to the argument that Latin is by no means dead; and to promote a spirit of fellowship."

With this aim in mind, the club spent their meeting studying modern-day humor, making and working out interesting crossword puzzles, and singing Latin songs. Interesting reports were given by members of the club, and much time was spent translating from the Latin newspaper, "Res Gestae".

INDUSTRY IS THE PARENT OF SUCCESS

Those boys expecting to enter engineering have found assistance and experience in the Engineers Club under the direction of Mr. Neely and Mr. Reichard.

The club has divided their year's activities into two sections. The first half has been devoted to work with the slide rule. During the second half, there have been programs relating to different phases of engineers. Included in these divisions have been lectures from neighboring industries, interviews with other engineers and field trips through local plants.

The club is open to all students and is affiliated with Science Clubs of America and the Pennsylvania Junior Academy of Science.

This year the Lehigh Valley Science Fair was held at the new field house at Muhlenberg College. Mr. Reichard, club sponsor and president of the Science Fair Executive Committee, organized the Fair eight years ago.

To help the members with their projects the club went to Philadelphia to visit Franklin Institute and also to the RCA Victor Company in Camden, New Jersey.

They're out of this world.

A newcomer in school activities this year is the Science Fiction Club sponsored by Dr. A. L. Billig. One of the goals of this organization is to develop creative writing in the area of science using a background of fiction. Sharing of ideas and discussing the already published fiction takes up much of the club time. The theory is that the science fiction of today may, in all likelihood, be the buttress of tomorrow's science.

One of the highlights of this year's activities was a talk by a local science fiction fan on the evolution of this type of writing.

The strong supporters of the musical show.

The A Cappella Choir has long been known for its entertaining presentation of worthwhile choral repertoire. This season proved no exception. The choir sang its way through its most spectacular season. Under the capable direction of Richard Neubert and assisted by accompanists, Gloria Smith, Denece Newhard, and Louise Fritzsche, the choristers learned the art of singing worthwhile music, both a capella and accompanied.

This year, for the first time, the choir contributed to the spreading of Christmas spirit by carolling in some of Allentown's hospitals and leading stores. By far, their most ambitious project was the Spring Concert, hailed as one of the finest presented by Allentown High School. Soloists, Laurel Hurley, Alfred Barto, and Norman Flores, a chamber orchestra, and the singing of Schubert's Mass in G Major, No. 2, made it a memorable occasion for all present.

Four members represented Allentown High School at the annual P.M.E.A. Choral Festival, and one member attended State Chorus. A trip to New York provided a suitable finale for the 1953-54 choral season.

The Glee Club, a curricular activity at A.H.S., designed for vocal enthusiasts, was privileged this season to sing a major work, the Schubert Mass in G with the A Cappella Choir. On December 22 the Glee Club made its first appearance in the annual Christmas assembly. After the holidays preparation centered on the Spring Concert, featuring a former student at A.H.S., Laurel Hurley, along with soloists Norman Flores and Alfred Barto. This season the Glee Club had eighty-three members. Accompanists were Glenna Fink, Eleanor Knecht, Sandra Messner and Barbara Tagert.

Singing in their own particular style, the Canary Clippers have again won acclaim throughout the Lehigh Valley.

These sixteen blue and white clad young men together with the accompanist are under the direction of Mr. Neubert. They can produce a variety of entertainment for all occasions. The repertoire consists of popular, barber-shop, and college pep songs.

In addition to singing for assembly programs and school exchange programs, they have frequently appeared before local civic, service and church groups. Their singing not only adds pleasure to a program, but the Clippers themselves receive enjoyment in singing. Their motto could easily be "We sing for the joy of singing."

The Canary Cavaliers, the high school dance band, is sponsored by Mr. Meyers and has for its student leader Edward Pavlick. The Cavaliers were featured this year in the Variety Show, assembly programs and exchange programs with other schools.

The band played for many school dances, especially those sponsored by our clubs. They also conducted their own dance to earn money for music and other expenses.

Membership in this band is selective, depending on the ability to perform satisfactorily with this type of music. Once selected there begins a routine of rehearsals which attests to their fine performances and builds up a solid friendship among the members.

A. H. S. Marching Band

*The prelude to a great
circus performance.*

A.H.S. Marching Band consisting of 125 pieces, together with its complement of majorettes and color guard, has made a name for itself throughout the state for its fine performances during the football season. Dressed in canary and blue uniforms, they thrilled the crowds with their various formations during half time.

We cannot overlook the fact that their marching came second to the fine quality of the music with which they favored us on so many occasions.

Whenever there is any civic parade the A.H.S. Marching Band is always a favorite.

The peppy Allentown High School majorettes of 1953-54 represented our school well. The majorettes, with Madeline Le Fevere as the head and Elaine Fenstermacher and Dolores Weider as her assistants, were sponsored by Mrs. Helene Hospodar.

The twelve squad members could be seen entertaining the throngs during the halves at most of the football and basketball games. They also took part in many city parades during the year. Their favorite formations include the Sailor Drill, the Cowgirl Drill, the drill used at the Allentown-Bethlehem pep-rally, and the Christmas Drill featuring Santa Claus.

Clever formations and fancy baton twirling were important assets to their popularity with the spectators.

Under the capable leadership of Lois Moyer, our cheerleaders have worked hard adding color, exuberance, and school spirit to athletic contests and pep rallies.

With Mrs. Steckel as their sponsor, the twelve girls have practiced diligently every Friday morning, and the results of their work could be seen in the perfect timing of their cheerleaders.

To be a member of the A.H.S. cheerleading squad is a great honor. A cheerleader one year is not automatically on the squad the following year. They all must try out again. Girls are permitted to try out regardless of previous experience. Each year there is a great number of candidates and the competition is keen. The Leader's Club of Allentown High School, under the auspices of Miss Helen Smith, is organized mainly to create an enthusiasm for superior achievements in physical education, to stimulate a more active interest in girls' athletic events, and to teach good sportsmanship and leadership.

Physical Education teachers appoint only those girls who have earned the required amount of credits and who possess the following qualifications: Leadership, Attitude, Scholastic standing, Attendance, Enthusiasm, and Spirit.

Throughout the year, the club participates in all sports. In the semi-annual gym exhibition, the members are expected to take a responsible position in each number.

spring through the air.

The Dance Club this year based its activities on modern dancing and tap dancing. With the exhibition in mind the girls also developed a precision number. The members of this group acquire poise, grace and timing. All these characteristics are contributory to the success of the modern girl.

These gym clubs form the basis of the girls' physical education program which sponsors the girls' gym exhibition every other year. The increasing membership is an indication of its popularity. The sponsors are Helen Smith, Norma Steckel, Helene Hospodar and Patricia Nesley who are to be congratulated for their efforts and results.

The acrobats and clowns provide the amusement.

For those boys interested, the Tumbling Club offers an opportunity to improve gymnastic abilities. Led by Mr. Schmidt, the boys become acquainted with all kinds of equipment and all phases of gymnastic tricks.

Each member is expected to master a particular piece of apparatus or type of tumbling. However this is not to be done at the expense of neglect of other phases. They want to develop well-rounded tumblers and gymnasts.

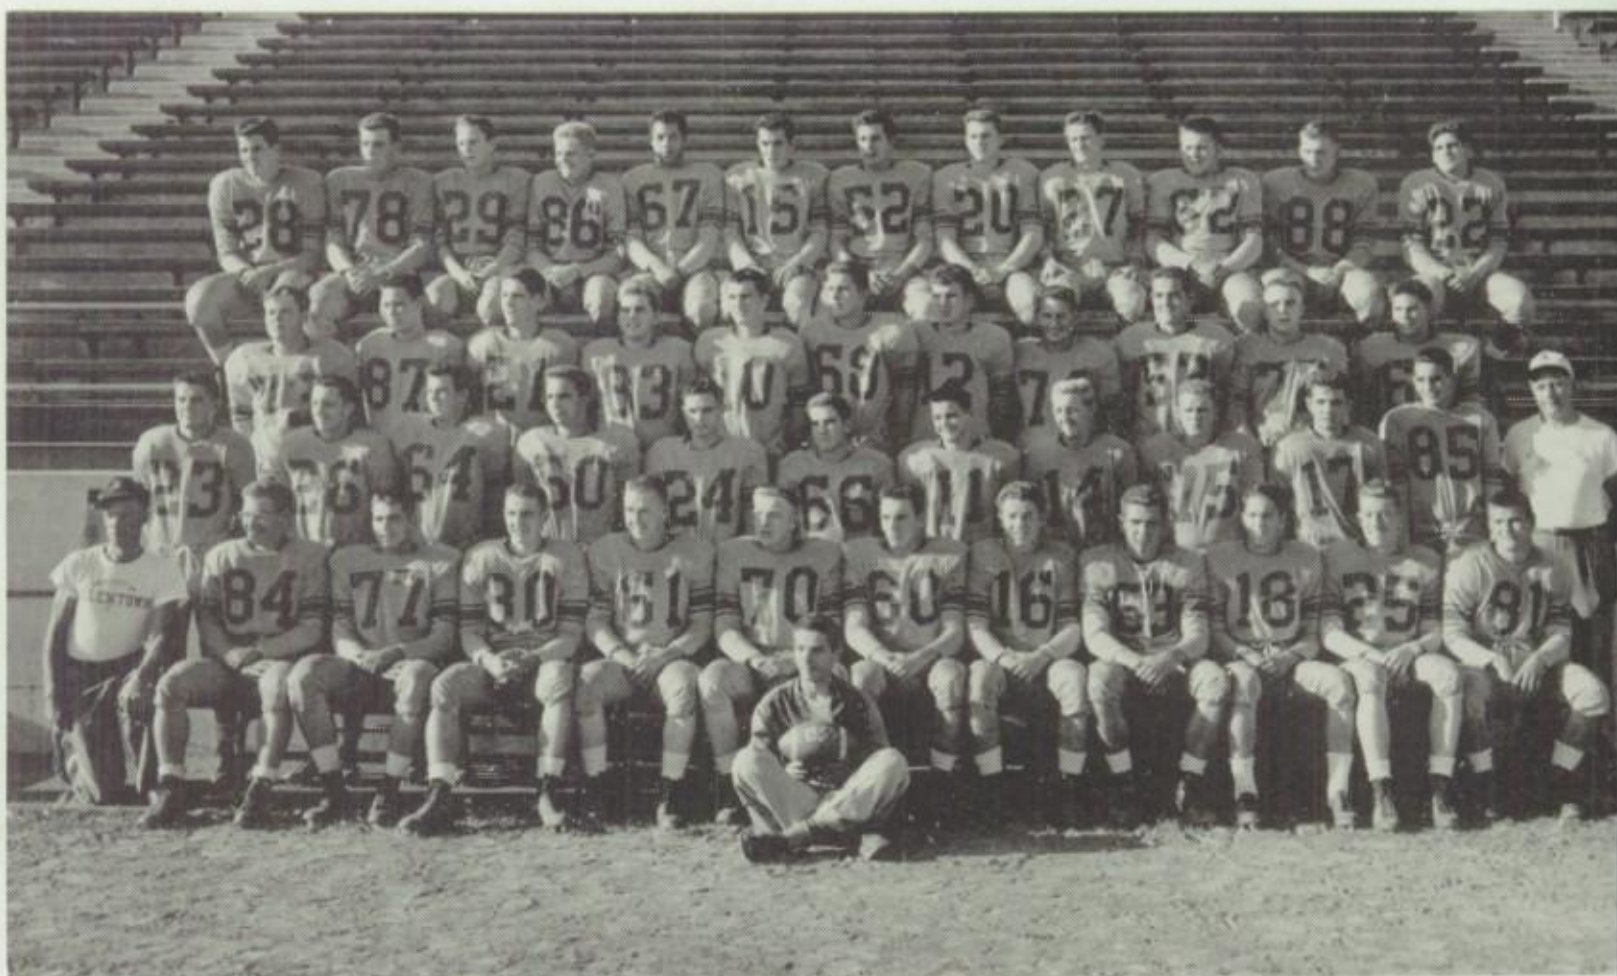

With the help of trampoline, horses, springboard and other apparatus the club develops a routine used in demonstrations. These are presented to the students at opportune times during the term.

Our Allentown High gridmen certainly held the spotlight during three ring time on the gridiron. 1953 was a highly successful season for our stars who, under the direction of ring master Perry Scott, chalked up a record of 8 wins, 2 ties, and no losses. Our boys succeeded in defeating our neighbors which include Bethlehem and P-burg, and holding Easton to a tie.

Bob Bear led the scoring attack with 14 touchdowns for a total of 84 points. During the season the A.H.S. Beck Foundation conducted a most valuable player contest in this area, which Bear won and was rewarded with a trip to New York.

Radio Station WGPA conducted a contest to find the most valuable player of the Turkey Day game, and Bob Max of our Canaries was well-deserving of this honor which he won.

Phil Petriskey led the way in the number of points after touchdowns with a total of 15 to his credit for this season.

We can be proud of our 1953 football team who presented such a wonderful array of talent on the gridiron. The fact that our team scored a total of 248 points for an average of 24.8 points per game against our opponents 44 points or an average of 4.4 points per game, is evidence enough of their gridiron prowess.

A.H.S. 25 — SOUTHEAST CATHOLIC 0

In the opening game of the 1953 season, our gridmen fashioned a convincing 25-0 victory over Southeast Catholic High School of Philadelphia. A.H.S. took over right from the start when Southeast fumbled the opening kickoff and Gareffa recovered for us. Wilson tallied the first touchdown for the Canaries in the first period with a five yard sprint off tackle. In the second quarter Bear chalked up runs of 34 and 37 yards respectively for two more A.H.S. tallies. Sapoch booted for a point after touchdown and the score stood 19-0 at halftime. The last tally for the Canaries came in the final period. Bear intercepted a Southeast pass and carried it down to the four. He carried two more times scoring finally from the one. This was the beginning of a highly successful grid season at A.H.S.

A.H.S. 25 — NORRISTOWN 18

The Canary gridmen, taking to the road for the first time, met a stubborn opponent in the form of Norristown. It was a seesaw battle all the way. In the first quarter, Eby recovered, in midair, an Eagle fumble and ploughed ten yards for the first A.H.S. tally. Our gridders scored twice in the second period. Fischl outdistanced the whole Eagle team on a 27 yard sprint for paydirt. Miller, in like manner, galloped 23 yards for another TD. Sapoch kicked the extra point to give us a 19-12 lead at halftime. The last Canary tally came late in the third quarter when Bear circled left end on a 12 yard run to make the score 25-12. The Eagles of Norristown wound up the scoring by retaliating on the opening kickoff of the final quarter for the last TD. The final score found the Canaries the victors 25-18.

A.H.S. 39 — SIMON GRATZ 6

The Canaries, in their third game of the season, downed Simon Gratz by a score of 39-6. A.H.S. scored in the first three minutes of play and the first time they gained possession of the ball. They paraded 70 yards in seven plays, with Fischl circling right end for an 8 yard touchdown. Soon after Heckman recovered a fumble, the Canaries covered 51 yards with Bear plunging over from the one. In the second period, after a long run-back by Schweyer, Wilson scored from the two and the score stood 18-6 at halftime. A.H.S. went all out in the third quarter, scoring three times. Fischl heaved a 22 yard pass to Kressly for one TD, Schweyer raced 32 yards for another, and a one-yard plunge by Max accounted for the third touchdown. Sapoch converted each time and, when the final gun sounded the score stood 39-6 in our favor.

A.H.S. 6 — STEELTON 6

In a game marked by Allentown's fumbles and penalties, the Canaries tied a scrappy Steelton team, 6-6. The game, played on the Steamrollers' home field, was a battle from opening kickoff to final gun. The Steamrollers got their lone touchdown midway in the first quarter, to give them an edge on the Canaries. However, our boys were determined and, in the last period their determination paid off. The Canaries took to the air and a pass from Lopsonzki to Bear clicked for an A.H.S. tally. Gaining confidence from this TD in the final four minutes, they once again ploughed their way down to the five. They got no further, however, and when the final gun sounded, the Steamrollers and Canaries were still tied six all.

A.H.S. 34 — PHILLIPSBURG 0

The Canaries traveled to the home field of the Garnet and Grey of Phillipsburg. It was Allentown's game all the way as they scored a decisive 34-0 victory to break a jinx which started in 1937. This was the first time since then that our Canaries had won on the P-burg gridiron. We got going late in the second quarter when Schweyer heaved a lateral to Fischl who covered 63 yards for a touchdown. Petriskey converted for a 7-0 lead at halftime. The Canaries, in the second half, smashed the P-burg defensive with a total of four tallies. In the third quarter, Bear went over from the 4 during a Canary drive of 63 yards. Sapoch intercepted a P-burg aerial and, several plays later, Fischl scooted 44 yards for paydirt. Two more TD's in the final quarter finished the game. Bear went 17 yards for one with Petriskey converting, and Foulds, dashed 72 yards for the last tally. According to coach Scott, our Canary gridmen played an almost perfect game.

A.H.S. 41 — CENTRAL CATHOLIC 0

The Canary gridmen, playing their sixth game of the season, bounced their inter-city rivals, Central Catholic, by a score of 41-0. A.H.S. wasted no time and, with drives totaling sixty yards, scored in the openning minutes with Fischl passing to Miller who stepped over from the four. Petriskey converted the extra point for a 7-0 start. A.H.S. scored three times in the second period. Fischl scored on a short run and Petriskey converted for another seven points. Several plays later, Schweyer went across from the 6 and Petriskey again converted. Max later intercepted a Viking pass and, several plays later, went over for the tally. The score stood 27-0 at halftime. Early in the final period Bear ran 58 yards in three plays for a tally. After a Viking penalty and fumble, which A.H.S. recovered, Foulds went across for paydirt. Petriskey added the extra point and, as the game ended, we were victors once more, 41-0.

A.H.S. 27 — AQUINAS 7

In a triumphal game against Aquinas Institute of Rochester, New York, the Canaries continued their season-long brilliant play. A.H.S. started off, true to form, early in the first period. After runs which netted two first downs, Bear sped 35 yards for the first tally. Petriskey's conversion was good and we led 7-0. Halfway through the second period Schweyer took to the air and clicked with Fischl for a pair of passes totaling 35 yards. Here Bear got loose on a nine-yard run for paydirt to make the score 13-0. Early in the fourth period, after a pass by Fischl to Schweyer and a run by Max, Bear scored from the one with Petriskey converting to make our lead 20-7. Later in the final quarter, Schweyer picked up an attempted Aquinas punt, which had been blocked by Heckman, and scampered 12 yards for the final tally. Petriskey converted and, as the game ended, the final score stood 27-7.

A.H.S. 25 — ERIE CATHEDRAL PREP 0

In preparation for the big Turkey day game, our Canaries whipped the Ramblers of Erie Cathedral Prep, 25-0.

In the first quarter our touchdowns came in rapid succession. The first came on a pass from Fischl to Scheirer, the second on a 53 yard sprint by Bear, and a Rambler aerial, intercepted by Sapoch who ran 34 yards for the tally, accounted for the third.

The final touchdown for the Canaries came late in the fourth period when, after a recalled touchdown and penalty, Schweyer ploughed his way 31 yards for the tally. Petriskey's try for the extra point was good, and the final score showed the Canaries way out in front, 25-0.

A.H.S. 0 — EASTON 0

In a twice postponed game played on a muddy gridiron, the Red Rovers of Easton and our Canaries played to a scoreless tie. Two years ago when the Red Rovers invaded A.H.S. territory, that game, which was played in a downpour, also ended in a scoreless tie. Easton never seriously threatened the A.H.S. line but, although our boys had several opportunities, they couldn't get going because of the condition of the field. The closest either one got to the other one's goal was when A.H.S. came within 22 yards of a goal. However, both teams were handicapped and neither were able to do their best.

A.H.S. 26 — BETHLEHEM 7

In the annual Turkey Day classic, before a crowd of 19,000, our Canaries uprooted Liberty High's Red Hurricanes to the tune of 26-7. The Hurricanes scored the first time they got possession of the ball on a play that covered sixty yards. However, several minutes later Max intercepted a Bethlehem pass and scampered 82 yards for our first tally. The try for the extra point was good, and the game was all tied up after only three minutes of play.

The second TD came late in the second quarter. Koch recovered a fumble and runs by Bear and Max took us down to the two yard line. Schwyer scored from here to give us a 13-7 lead.

In the third period, Henry Miller scored on a play covering 25 yards, going from Fischl to Schwyer to Miller.

After a blocked kick was recovered in the fourth period. Fischl scored on a 41 yard run around end. Petriski's try was good and the final score stood at 26-7.

Our A.H.S. Jayvee football squad, coached by Ben Greene and Ken Wildonger, closed out a successful season on the gridiron with a record of three wins, one loss, and two ties.

Easton, Reading, and Northampton fell under the force of our yearlings, while they tied with Central Catholic and Bethlehem, and suffered their lone defeat at the hands of Phillipsburg.

Arthur Kulp was the team's leading scorer with 25 points on four touchdowns, and one point after touchdown.

These boys will become a valuable addition to our next year's varsity. They have been tested in action and have learned the game well.

MILO SEWARDS
Coach

Our Allentown High varsity basketball team had a successful season during 1954. Under the direction of Milo Sowards, coach; Paul Clymer, assistant coach; and Joe Blankowitsch, trainer; they won 19 games while losing only four, and they succeeded in capturing the East Penn League crown.

The Canaries captured both the first and second half championships in the East Penn League, winning nine games, and losing only one, the lone loss being to Hazleton.

John Mascali led the Canaries in scoring with 310 points for a 13.5 points per game average. Lee Schweyer was the top percentage shooter, connecting on 39 of 83 shots for a .470 mark. Bob Benner converted 50 of 82 foul shots for a .610 percentage to lead our team on the foul line. A real good record, and worthy of A.H.S. teams.

Our Allentown High junior varsity basketball team completed a most successful season under Coach Ben Greene. Winning 16 games and losing 5 for a .762 percentage, they garnered a total of 1,209 points for an average of 57.5 points per game.

The Canary J. V.'s had several close and exciting games such as a 56-55 victory over Kingston, a 48-47 win over Reading, and losses to Williamsport, Bethlehem, and Central Catholic by only a three point margin. Perhaps their most exciting game was with Easton whom they defeated 37-35 in a double overtime. Denny Reichard became the hero of this game by dunking the deciding basket for Allentown.

Our J. V.'s also proved their superiority in upsetting Reading Central Catholic by a tremendous 73-19 score.

Dick Markowitz was top scorer for the season with a total of 279 points. These points were tallied on 97 field goals and 85 fouls.

There were 14 promising sophomores and three juniors on the team who gained good experience this season which will pay off in the next two years in bringing glory to Allentown High School.

Recovering from a poor start in which our Canary Mermen lost the first three meets, they splashed thru to win six straight and complete a successful season. Co-captained by Roy Snyder and Robert Mohr the team captured the District XI P.I.A.A. Eastern Regional Meet and later took fourth place in the P.I.A.A. State Championship meet at State College.

The team, coached by Dave Hackett and assistant Morton Sher, developed several individual stars. Roy Snyder, Bob Fenstermaker, Ralph Doll, and Robert Mohr broke and set many pool records. Snyder several times broke his own records. With a mainstay of these swimmers there was the strong supporting cast that did so much to garner points and pave the way for greater laurels. Since much of the team is made up of underclassmen there are brighter hopes for next year.

Our Allentown High School netmen under the direction of Mr. Morton Sher, completed the 1953 season with a record of one win, two ties, and two losses. Most unusual about this record was that fact that Allentown and Easton played to a draw on two occasions.

Barry Rubin was high scorer for our team. Netmen Charles Schmerker, Barry Rubin, Dick Schuman, and Claude Wilson participated rather unsuccessfully in the Middle States Interscholastic Singles and Doubles Tennis Championships. Schmerker captured his first match, but unfortunately lost out in the second round. The hopes of the season were never dulled, and the racquet squad was always giving their best.

Our Allentown High wrestling team, coached by Glenn Smith, came through with one of its best records in recent years, winning four matches and losing seven.

Our team took third place in the District 11 competition, scoring 23 points, and under the able coaching of Smith developed three District 11 champions. Russ Rohrbach, a freshman, in the 103-pound class; William Stauffer, a senior in the 154-pound class; and Ed Bannan, a senior, in the 165-pound class.

The boys on the team are to be congratulated for the fine job they have done this season with just a minimum of practice. The total weeks practice never exceeded three hours, and, despite this handicap, they were willing to do the best they could.

The majority of the team was made up of underclassmen who gained valuable experience this year, and who may be looked upon to do a fine job for Allentown High during the next few years.

We here at A.H.S. are quite proud of the 1953 baseball team who captured the East Penn League Championship. The overall record for the season was 13 wins against only 4 losses. One of those rarities in baseball, a no-hit, no-run game, was chalked up by ace pitcher, Dick "Lefty" Klinesmith against Phillipsburg. In this game he aided his own cause by striking out 20 men. Our Canaries and P-burg played another exciting game which we lost, after a tremendous 15 inning battle, 1-0.

Dale Horn led the team with an enviable batting average of .345. He also led the team in extra base hits for the season.

Rollie Passaro and Dick Klinesmith were ace hurlers for A.H.S. during this season.

Passaro won 5 and lost 1 for a percentage of .833. Klinesmith had a record of 7 wins against 2 losses for a percentage of .778. He held the record for the most strikeouts with 122 men going down under his powerful arm. He also pitched the most shutouts, and won the most games. During this season he was voted as the team's most valuable player.

Coach Kenneth Wildonger and his assistant "Milo" Sowards are to be congratulated for the fine job they did, not only this year, but in years past in bringing forth outstanding baseball teams here at A.H.S.

1953 was a banner season for the track team here at Allentown High. Under the direction of Coach Paul Clymer and his assistant, Perry Scott, they compiled a most enviable record of four wins against only one loss. They also placed first in the District 11 meet, and fifth in the P.I.A.A. State meet.

The Canary thinclads were sparked by fleet-footed Dick Fischl who tied the record for the 100-yard dash and set new records in the 220-yard dash, 120-yard high hurdles.

When the final scores in the District 11 P.I.A.A. track and field meet, held at Pottsville this year, were tabulated, Allentown led with $62\frac{1}{2}$ points. Dick Fischl broke the records for the 120-yard high hurdles, being timed at 14.6. and did the same thing for the 180-yard low hurdles with a time of 19.7. Bruce Wetherhold, in the 440, Frank Reinhart, in the shot-put; Dale Peters, in the pole vault; and Robert Kline, in the half-mile gathered enough additional points to give Allentown a first place in the meet.

In the P.I.A.A. track meet held at Coatesville to determine state champions, Allentown High collected $12\frac{3}{4}$ points. Dick Fischl placed second in the 180-yard low hurdles, Dale Peters placed fourth in the pole vault, while the 880-yard relay team made up of Neil Reichard, Richard Kressler, Mike Miller, and Dick Fischl came in second.

Principal for a Day

John Mascali

One of the most respected positions at Allentown High School this year was held by John Mascali who reigned as Principal-for-a-Day.

John was the sixth senior to hold this office. Because they sold the most CANARY subscriptions, the seniors won the right to elect a capable member of their class to act as Mr. Bartholomew's substitute for a twenty-four hour period. John Mascali emerged victorious.

Included in John's tour of duty were visits to the shops, supervision of spelling bee progress, classroom visitations, and a general inspection of the A.H.S. physical plant. As a part of his daylong term, he also attended an administrative caucus where, among other things, he looked over high school expansion plans. Another added attraction for John was lunch with "former principal, Bartholomew."

1953 Future Scientists of America Award Winners, sponsored by the National Science Teachers' Association and the American Society for Metals.

Our Future Scientists

Each year Allentown High School is proud of its science students who win awards in local, state, and national contests. This year approximately fifty boys and girls are taking part in the 8th annual science fair. This participation furnishes them with excellent material for entering the Westinghouse Science Talent Search. This same information can also be used in the Future Science of America Award winners.

Boys' Intra-Murals

The girls' and boys' intra-mural sports programs differ in that the boys enjoy waterpolo and pass football, while the girls are busy with hockey and soccer.

For team names, the boys usually choose the name or nick-name of their favorite college. Most unusual about this is the fact that in both the pass football and basketball leagues there were teams named Cedar Crest.

In the 1953 volleyball intra-murals, the Stroudsburg team, captained by Jim Richardson, came out as the winners after a series of scheduled games played after school. These teams, consisting of six members each, begin their contests in the early spring.

The water polo league, a comparative newcomer to the boys' schedule, is made up of five man teams with two substitutes each. The Michigan team, headed by Frank Rosade, won the school water polo crown after a series of fast moving games played in the Little Palestra swimming pool.

The game of pass football, played in the Jack Coffield stadium, has proven to be one of the most popular sports on the boys intra-mural program. Bob Benner captained the Warriors who captured the pass football league's crown.

Another popular boys' sport is basketball. These games are played twice a week in the Little Palestra until the winners are determined by a championship playoff game. Duke, headed by Jake Hess, captured the basketball championship this season.

A sure sign of spring is the opening of the golf clinic. This clinic is open to all students interested in receiving instruction in golf. A champion is chosen through a series of playoffs. In 1953 Gibson Smith was the champion. This earned him the honor of having his name engraved on the golf trophy, donated by the Witwer-Jones Sporting Goods Store.

In 1953, badminton was open to both boys and girls for the first time. The games scheduled in this tournament were played in the Little Palestra after school. Chris Feller was crowned as the champion badminton player after the first seasons' schedule was completed.

Archery is another sport which has recently been added to an ever expanding intra-mural sports program here at Allentown High. At the present, archery is on an instructional basis, but it is believed that regular contests will be held sometime in the near future.

Girls' Intra-Murals

The recent round of sports in the girls' intra-mural sports program was the most successful one the Physical Education department has ever had. More girls participated in the recent program than ever before, and with more interest than ever before.

Girls' intra-mural baseball was divided into two leagues during 1953. One league was composed of the regular girls' teams, and the other was made up of girls who had participated in the aquacade and who had to start their games later because of this. The teams were named after famous baseball players. Lou Gehrig, a junior team captained by Marilyn Glass, succeeded in capturing the school championship.

The girls turned to famous musical composers for their team names during the volleyball season. Gershwin, a senior team, headed by Margie Duld, copped the school championship after a round of scheduled games and playoffs.

Also in among the fall sports we find hockey and soccer, soccer, being new to the sports program this year. For hockey the girls turned to their favorite breakfast cereals for team names, and in soccer they became grammar conscious and chose the parts of speech after which to name their teams.

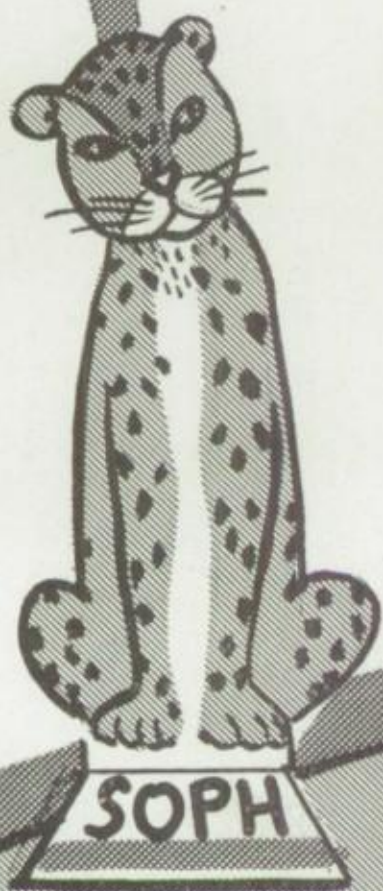

Since old man winter interfered with these outdoor sports before the scheduled games were completed, honor teams were chosen because of their ability to play the game, and for their good sportsmanship.

Ping pong was another game which enjoyed increased popularity this year. Shirley Rabinovitz, a senior, garnered the school ping pong championship for the second consecutive year.

Basketball foul shooting is probably the most widely participated in contest for girls. Almost every girl in the school had her chance to toe the foul line and try her hand at sinking free throws. Anita Tretter, a junior, was the winner in this contest.

Basketball season found the girls intra-mural teams named after current magazines. Life, a senior team headed by Margie Duld, cornered the school championship for this season.

The girls' basketball honor team enjoyed it's most successful season in recent years with an overall record of six wins against three losses. Their schedule included games with our close neighbors Catasauqua, Whitehall, Central Catholic, Bethlehem, and Emmaus. They played several close games including a 51-50 overtime loss to Central Catholic, and a 53-51 victory over Catasauqua. Margie Duld, a senior, led the scoring attack with 228 points for the season. She was followed by Rita Tibensky, a junior, who accumulated a total of 116 points for the team.

The Class of 1954

We, the senior class of 1954, come to the end of our public school education with a feeling that we have done more than mark time, but have left behind a worthy record of accomplishments.

We chose as our officers capable students whose honest desire was to achieve the best for our class. Their cooperation has proved successful throughout the years.

Our memories will linger not only in the classroom but on the stage and dance floor as well.

We remember burning the midnight oil to finish a term paper, a few tough algebra problems, or a Latin translation. Those weekly gym exhibition practices are also among the unforgettables.

We will never forget the thrill of participating in or witnessing as part of the audience, the Canary Variety Show, the Spring Concert, and the Fashion Show. The dramatic abilities in us were brought to light by our Junior and Senior Class Plays.

Numerous dances throughout the year spotlighted the calendar, but the main attraction by far was the "Senior Farewell." It was a perfect climax to a sensational year.

Our winning school spirit was displayed on the gridiron, the basketball court, the mat, and in the pool, as we cheered our team on to victory.

In Memoriam

DALE L. F. RUTZ

Dale, a technical drafting student, came to us as a transfer from Central Catholic. He was planning to join the navy after graduation.

It is with deep sorrow that we note his passing to a reward eternal on February 26, 1954, as a result of a head-on-collision after the Allentown-Reading Catholic basketball game on February 23.

During his brief stay at Allentown High School, he made many friends, and it is with regret that we must note his sudden demise.

Acknowledgments

We, the Comus staff of 1954, cannot find words enough to express our sincere thanks for the many and varied services rendered us by the faculty and personnel.

The Comus staff will always owe a deep debt of gratitude:

To Mr. Bartholomew, our principal, for his all-round cooperation.

To Mr. Fatzinger, for his helpful assistance in scheduling the advertising pictures.

To Mr. Horst for scheduling Comus club pictures.

To Mr. Musselman and his art department for their excellent art work throughout the Comus.

To Miss Gerhard and the English Department for helping the students write their Comus biographies; and to Mrs. Kunkle and her classes for typing them.

To Mrs. Weinsheimer for her excellent job of bookkeeping.

To Mr. Flexer for his aid in advertising.

To Mr. Blankowitsch for his cooperation with sports statistics.

To Mr. Brong and his Cinema Club for snapping the student activity pictures.

To Mr. Clewell for his excellent photographic work.

To Mr. Miers and Mr. Reinhardt for the fine results in printing and engraving.

And most of all we extend our greatest thanks and sincere appreciation to Mr. Genszler for his ceaseless efforts as our Comus sponsor.

Thanks everyone for your whole-hearted cooperation.

THE COMUS STAFF

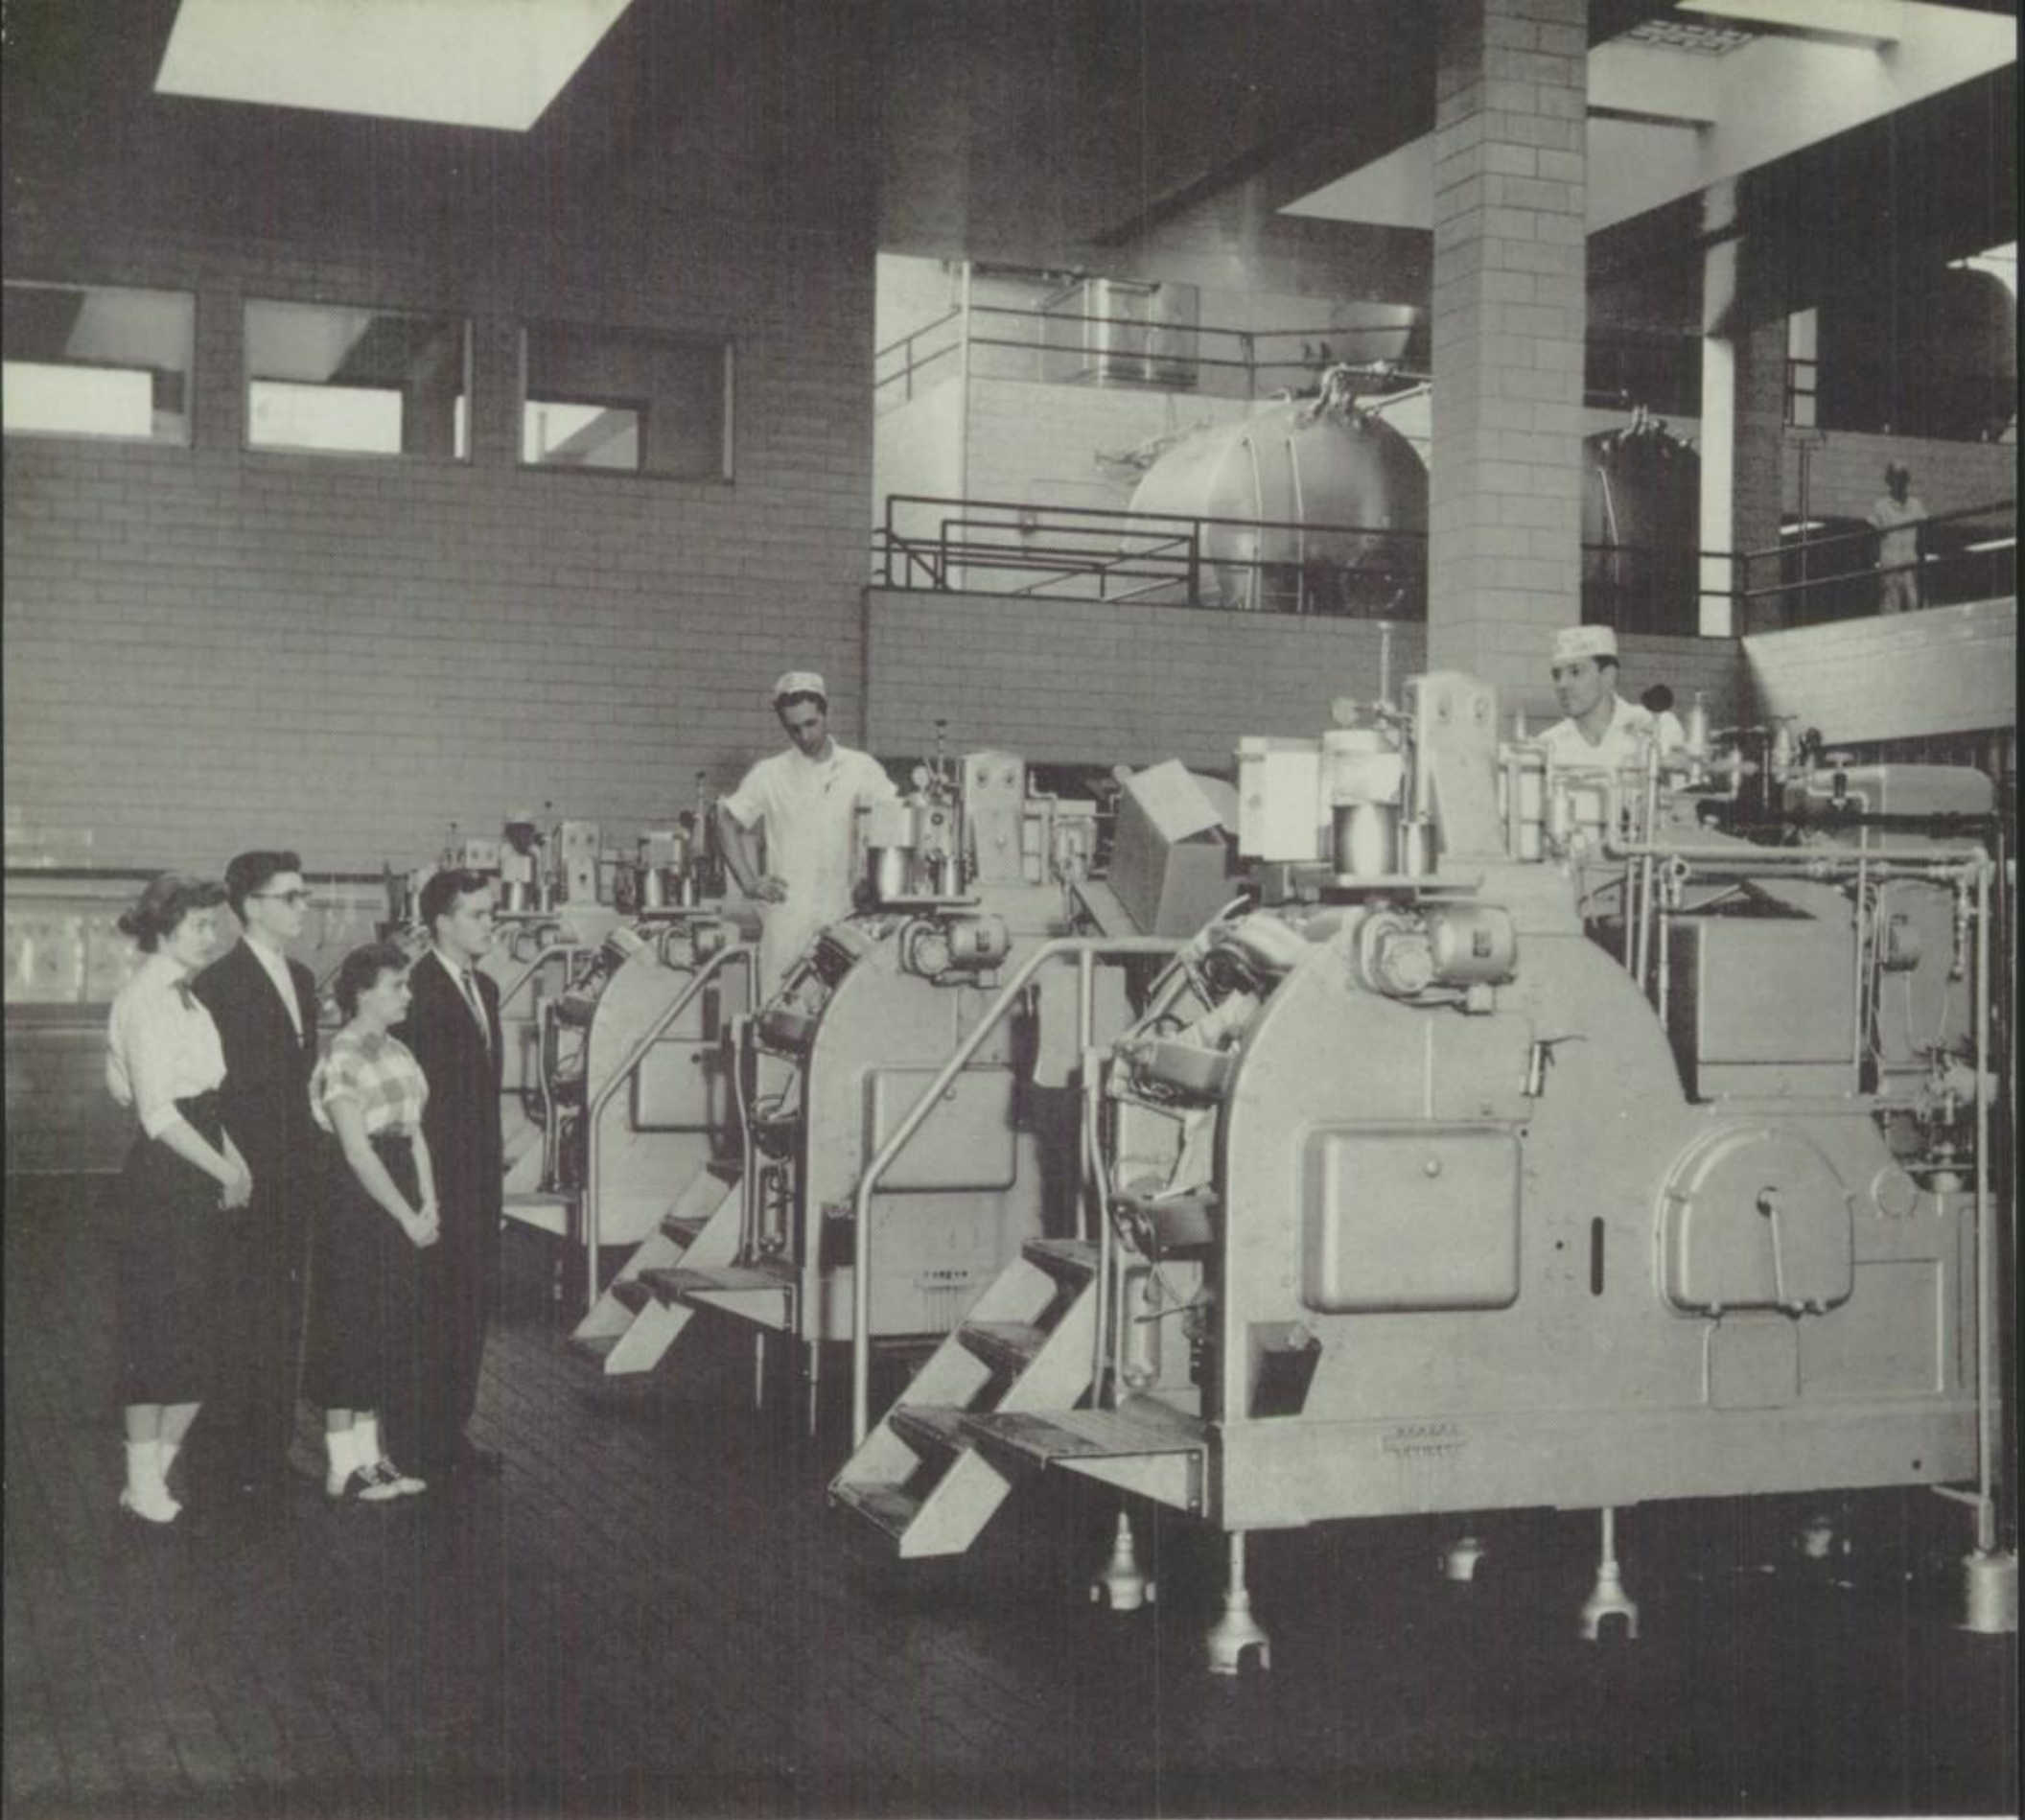

A Thank You to Our Advertisers

We are deeply indebted and very grateful to you, the merchants of our community, for your whole-hearted support in placing an ad in this year's COMUS. Our new style of advertising has won wide acclaim from many distant places. Your cooperation has made our book a success and we know that these ads will be read and re-read many times. Thanks again for helping us produce a better COMUS 1954.

TILGHMAN STREET AT RIDGE AVENUE

THE MERCHANTS NATIONAL, which has served the people of the Lehigh Valley for more than fifty years, is known as *YOUR FRIENDLY BANK*. Burton Cunin, Octavia Klinert, Norman Sensinger, and Lois Lobach are being given expert advice by Mr. Earl A. Burkhardt, assistant cashier, on the best way to save and invest their money. Many of our students and graduates enjoy making this bank their bank because of the congenial atmosphere and friendly employees who are willing to solve their problems.

NEW YORK FLORAL COMPANY

NINTH AND HAMILTON STREETS

"Flowers of Distinction" is the motto of the NEW YORK FLORAL SHOP. The crown of orchids that Bill Helfrich has given to Nancy Baum adds the final touch to the beginning of a perfect evening. Joan Beazley is thrilled with Warren Bechtel's choice of a flower-bedecked fan. All students will agree that to make that "dance date" the very best, NEW YORK FLORAL SHOP offers the finest. This is the place for quality and good taste in all kinds of floral arrangement.

MIERS-BACHMAN LITHOGRAPHING COMPANY

330 SOUTH WEST STREET

MIERS-BACHMAN, the leading lithographers and printers in the Lehigh Valley, have again turned our manuscript into a Comus that reflects quality workmanship. John Sabo is showing Bruce Wetherhold and Russell Saylor the craftsmanship that makes them tops and a favorite with the schools in this area. The staff at MIERS-BACHMAN has been most co-operative and these pages reflect their excellent printing.

CALL-CHRONICLE NEWSPAPERS

ALLENTOWN, PENNSYLVANIA

More than 86,000 Lehigh Valley families depend on THE MORNING CALL, EVENING CHRONICLE and SUNDAY CALL-CHRONICLE for the complete news of the nation, the world, and their own communities. High School students enjoy reading these newspapers not only because they report the news of school activities, but because up-to-the-minute news stories and features keep them in constant touch with the world about them.

Here Lenore Hamilton, Suzanne Wertman, Clara Louise Keener, and Louise Fritzche are fascinated at the speed with which the newspapers are written, assembled, printed, and circulated.
